1. Gunnar Tibell proposed to the IOC that the President, the Secretary General and the Treasurer shall be co-opted for regular IOC members with full voting rights. No objections were presented by IOC members.
2. Kreso Zadro informed about the idea of non-publishing ranking of teams after each selective fight. Nobody else was in favor of the idea of hiding the ranking during tournament. Hence, also in the future the total points shall be made public as soon as possible after each physics fight.
3. A short discussion about the recognition of IYPT New Zealand was held. A clear majority of IOC members voted in favor of recognizing IYPT New Zealand.

**Jury meeting**

1. Presentation of guidelines for chairpersons, jurors and teams. There were no significant objections towards the distributed material. A short discussion was held about the possibility of distribution of written material to the jury before the start of the report. The rule should be that material can be distributed, but jurors should not read the material before the start of the presentation.
2. Presentation of the scoring sheet did not meet any objections.
